

Having fun with shaving foam

Inside you will find:

A small can of shaving foam (ensure child has no allergies)
Small bottle of food colouring
Small tray to use for the activity

To Make/Play

1. Spray foam into the tray.
2. Explore the foam by spreading it around and then encourage the child to make patterns, letters and shapes.
3. Now add a few drops of the food colouring, stir it and talk about the changes that you can see.
